

Quick Start Package

Intelli-Lube™

Intelli-Lube is the smart, automatic lubricator solution for greasing your bearings with the right grease, volume, and interval every time. Its built-in Bluetooth® functionality allows you to harness the power of OPTIFY™, the Dodge® remote condition monitoring platform, to view lubricator health and manage inventory.

Our comprehensive package includes everything you need to start using Intelli-Lube and OPTIFY with expert on-site installation and US-based customer support—empowering you to optimize your operations.

Package contents:

Intelli-Lube drive units	Part number: 750212	Bluetooth-enabled, electro-mechanical drive provides consistent grease delivery to increase reliability, and its reusable design with replaceable battery fits all lubrication cartridge sizes to lower your total cost of ownership.
Intelli-Lube lubrication cartridges	Part number: See chart on page two	Your choice of Dodge Engineering selected, tested, and approved factory-fill grease options offered in four sizes: 60 cc, 120 cc, 250 cc, and 500 cc.
Intelli-Lube mounting kits	Part number: See chart on page two	Based on your application, remotely mount your Intelli-Lube units in a safe and easily accessible location. Available in beam clamp and cage hanger attachment options, these kits streamline installation for remote lubrication success.
X2000 Gateway – Plug-and-Play	Part number: 750104	X2000 Plug-and-Play Gateway connects your Intelli-Lube units and other Dodge IIoT solutions to OPTIFY for condition monitoring in challenging applications, supported by a 4G mobile network connection with a preinstalled cellular USB dongle.
OPTIFY reports		Easily generate maintenance reports to identify upcoming cartridge replacements with ordering recommendations based on current grease fill levels.
On-site services		Expert service technicians will assist with on-site installation, commissioning, diagnostics and troubleshooting, and training for Dodge products included with your package.
Dedicated support		Access industry-leading customer service at your fingertips when you need it most. The US-based team of experts at Dodge is committed to providing premier support to help you succeed.

Note: Service requirements will be estimated based on the number of lubrication points.
